- (c) meet financial responsibilities and all contractual obligations; and

Any Exhibitor who has not met their financial commitments or legal provisions to the Society may be excluded from participating in the Show without any further notice by the Society, who may then allocate that site to others.

Every endeavour will be made to meet requests for specific sites, but such requests cannot be recognised as a condition for participation. No undertaking can be given with respect to exclusion of competition. The Society will attempt to honour all requests for space to the best of its ability, taking into consideration: -

- (a) the date your application form was received;
- (b) the compatibility of various exhibits and Exhibitors with one another; and
- (c) previous participation at the Wanneroo Show.

In order to maintain a product balance, and as a means of encouraging new products, it sometimes becomes necessary for the Society to deny space requests when too many vendors wish to exhibit or sell the same or related products.

Some applications cannot be accepted because of specific size, location and/or physical requirements, space availability or late application receipt.

Notification of application acceptance or denial is given as soon as is practical. However, the process of assigning space goes on through November as space assignment/adjustments are made and as space cancellations are filled.

Acceptance of any application is at the sole discretion of the Society and does not imply endorsement by the Society of the Exhibitor's produce or services, nor does rejection imply lack of merit of same.

The Society reserves the right to make changes at any time in the location, size and display limits of any space if this is in the best overall interest of the event. Participation is limited to the space allotted.

Safety laws require that exhibits be kept out of or from extending into the aisles.
